* SBS licenses need to match the total number of Business Central Licenses and team users.

* Please review page 2 for pricing on Subscription Portal and Advanced Reporting powered by Solver and page 3 of this document for a functional breakdown .

Team License.

$5 per user/month (or **$55 annually**)

Subscription Billing Suite Premium includes the following modules:

emailer Manager.

Automates customer communications with tailored messaging at every stage of the billing cycle ensuring clarity and satisfaction.

Accounts Receivables & Collections (AR&C).

Improves cash flow & reduces write-offs with a contact manager designed for AR.

Binary Stream Advanced Reporting Powered by Solver.

Only Reporting Module is available from Solver, both on SBS Essentials & Premium.

$6,300 Per year for up to **5** users.

$1,260 For **additional** user per year.

Solver viewer license

Viewer (read-only) **$150** Per year

Solver offers a Viewer license tailored for Microsoft Dynamics 365 Business Central users who require read-only access to reports.

This license is ideal for stakeholders such as executives, board members, or department leads who need insights without the ability to create or modify reports.

Portal .
