

Business Central Portal.

Pricing guide.

(All prices in USD.)

A unified, self-service portal solution for D365 BC, offering secure payment capabilities, seamless SBS integration for customer self-serve access, and CSP product catalog updates for partners.

The Binary Stream Portal is available in three progressive tiers, each designed to meet distinct business needs:

Essential.

\$0.00 per month

(Plus processor transaction fee).

- With the support of multiple gateways, we provide customers with flexible payment options including credit cards, bank transfers and wallets.
- Fully white-labeled to reflect your brand and strengthen trust.

Service bundle:

\$5,920.00

Premium.

\$395.00 per month

(Plus processor transaction fee).

Essentials plus:

- SBS self-serve portal integration with SBS on D365 BC.
- Allow customers to update subscription contracts with or without approval.

Service bundle:

\$9,240.00

Premium for Partners.

\$795.00 per month

(Plus processor transaction fee).

Premium plus:

- CSP Product Catalog Integration.
- Allow direct purchase and update of CSP products.
- Payment Reconciliation (vendor and customer).
- Customer management.

Service bundle:

\$11,100.00

*The processor fee is charged by the gateway provider of your choice and it is separate from Binary Stream Portal pricing.

*Service bundle is required to implement the Portal.

Business Central Portal Implementation.

Accelerate time-to-value with our Rapid Implementation Service designed to deploy our solutions quickly and efficiently. This service focuses on the critical configurations that drive core business operations, helping your team go live faster with reduced risk and cost. Get the right setup, the first time, so you can start realizing value from day one.

Essential Portal (Payment).

Scope:

Standard service is for installation, setup, configuration, key user training, UAT (user acceptance testing), and Go Live configuration and post Go Live support.

Timeline:

Typical implementation is approximately 4-8 weeks.

Kickoff:

Kickoff will occur 1-2 weeks after Bundle payment and engagement form has been received.

Dependencies:

- D365 Business Central should be fully setup.
- Azure licensing must be in place.
- Selected payment gateway account credentials will be needed.
- Need to work with an Azure system administrator on the client's side for installation.
